Kao Collins Inc.

Inks for Marking and Coding

Our solvent inks for HP and Funai thermal inkjet printing systems deliver high-quality marking and coding when printing on flexible packaging.

NEXXO Ink for Funai

- Designed for Funai Zion™ cartridges with to 10mm throw distance
- Prints on curves
- High-resolution barcodes and type
- Deep blacks for better scannability
- Print on more non-porous substrates
- Less downtime
- Optimizes high-speed, high-volume production
- Larger drop size

Security Inks

Our security inks combat counterfeiting of pharmaceuticals. We offer various security-ink options, including a taggant ink that is undetectable without a paired detection system.

- Invisible UV
- Invisible IR
- Visible Fluorescent
- Unique traceable taggant inks

*These inks are produced by Kao and have undergone extensive lab and production testing. Third-party regulatory compliance testing may also be necessary for evaluating ink migration.

In addition to our standard inkjet inks, Kao creates custom formulations to meet specific printing requirements. We also offer private-label and contract manufacturing services.
